

**State of Hawaii  
Department of Health  
Disease Outbreak Control Division  
Disease Investigation Branch  
Downtown, Oahu**

**Epidemiological Specialist IV**

\$3,950 - \$4,624 monthly, commensurate w/ training and experience

The purpose of this position is to support the full range of epidemiologic surveillance, including investigation and education activities encompassed by the Disease Investigation Branch, Disease Field Investigation Section.

**Recommended Qualification**

Specialized Experience: Two and one-half years of progressively responsible professional work experience which demonstrated knowledge and application of the principles, practices, methods and techniques used in the identification, prevention and control of communicable diseases.

Applicants must have had a minimum of one year of professional work experience comparable to the Epidemiological Specialist III level in State service.

Supervisory Aptitude: For some positions, applicants must possess supervisory aptitude. Supervisory aptitude is the demonstration of aptitude or potential for the performance of supervisory duties through successful completion of regular or special assignments which involve some supervisory responsibilities or aspects of supervision.

Education: A bachelor's degree from an accredited college or university. Coursework must include a minimum of three (3) courses in the biological sciences of which at least one course must be beyond the introductory level. Successful completion of such coursework must demonstrate an aptitude for, and a basic knowledge of biological sciences.

**Who May Apply**

**LEGAL AUTHORIZATION TO WORK REQUIREMENT:** The State of Hawaii requires that all persons seeking employment with the government of the State shall be citizens, nationals, or permanent resident aliens of the United States, or eligible under federal law for unrestricted employment in the United States.
